3 things from EP  
to make life  
better.

AUGUST 13 · 2020

Emanuelson-Podas produces the **3on13 Newsletter** on the 13th of every month in the hopes of putting in your hands three things that will help make your life better. Entries may include quotes, reminders, jokes, random recipes, book recommendations, advice, or anything else that might make you think, make you smile, or make you a better, happier human being. **Got something worth sharing? Send it to [3on13@epinc.com](mailto:3on13@epinc.com)**

## 1 | Listen Up!

Real talk: podcasts are having a moment. With depth and context that goes far beyond short-form content like social media or blog posts, a podcast's long-form format has become a place where listeners go to gain knowledge and grow.

For design-minded folk — and for the generally curious — one of the best out there is [99% Invisible](#), hosted by Roman Mars. Freud's preference for a couch over an armchair... those flappy inflatable men at used car dealerships... fortune cookies... they're all here. It's well worth the 35 minutes.

(Other good ones: [About Buildings + Cities](#) and [Failed Architecture](#).)

## 2 | Refuel Your Soul

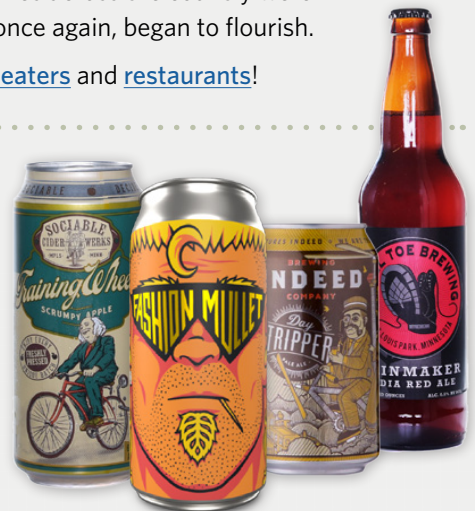

2020 has been... well, it's been something. But one of the most pleasant surprises has been the rebirth of retro drive-in theaters and restaurants. When indoor movie theaters and eateries across the country were forced to close, the drive-in industry, once again, began to flourish.

Check out Minnesota's top drive-in [theaters](#) and [restaurants](#)!

## 3 | Untapped

OK, you're healthy and hydrated (see [last month's 3on13](#)). Joel Visness, our intrepid Electrical Designer / Revit MEP / Beer Expert has a few non-water recommendations that are perfect sippers for the last stretch of summer.
